

Honouring Dr. Michael Dan and Dr. Amira Dan's significant contribution to CIDO

Canadian International Development Organization (CIDO) wishes to express our utmost gratitude for the generous support of Dr. Michael Dan and Dr. Amira Dan: CIDO's top donor last fiscal year (2024-2025).

Dr. Michael Dan and Dr. Amira Dan believe in the dignity of all people - especially children with cancer. In their own words: "*Cancer patients deserve the very best of care, and the Mariam Foundation sets the benchmark for emotional support for cancer patients.*"

The Dan's contribution has helped CIDO continue its partnership with the Mariam Foundation to provide meaningful support to children with cancer in Palestine. Through initiatives such as Mariam Joy, children and their families receive companionship, emotional care, encouragement, and moments of comfort during incredibly difficult treatment journeys.

The Dan's kindness has helped create lasting hope, comfort, and strength for children and families who need it most. CIDO is honoured to acknowledge their support.

With sincere appreciation,

Shawky Fahel, MSM
